

# Kiosk Eminent portrait line 24" - 32"

Give your customers a new interactive  
experience with a prestop kiosk

Sleek edge to edge design

Self Service Innovator

# Kiosk Eminent portrait line

Invest in the future with the prestop kiosk. The solution for a quick, accessible and user-friendly customer experience. Inform, present or even sell your products digitally with the prestop kiosk. There are multiple possibilities to integrate your corporate identity and signage on the kiosk. The kiosk range is available with a 24" and a 32" touch screen in portrait orientation. The display is Full HD with PCAP touch technology and 10 simultaneous touch points.

# Order Kiosk Portrait 24" Eminent

Surface entirely made of glass, under which the touch screen is fitted: edge-to-edge. This design ensures less distraction of the screen, is easy to clean and gives the kiosk a premium look that attracts attention. Although focus is on design, it is also made very robust with 4 mm hardened anti-glare glass.

Edge-to-Edge, bezel-free glass

Portrait (9:16)

# Modular

In addition prestop offers the possibility to expand the possibilities with the modular kiosk. This offers various options like a barcode scanner, printer or proximity sensor. The modular kiosk gives you the possibility to turn your kiosk into an order kiosk. Due to the modular design the kiosk is ready for the future!

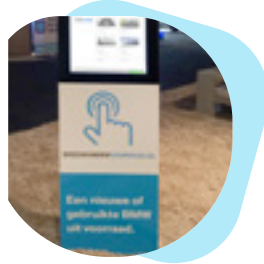

## Multiple possibilities to expand your kiosk

# Upgrade the Kiosk

## Optional Accessories

- Signage
- 4G / WiFi
- Flightcase
- Wheel set
- Industrial printer
- Slim design printer
- Proximity sensor
- Barcode scanner
- RFID reader
- Mini PC
- Keyboard and mouse
- 3D camera
- Omnitapps
- SiteKiosk
- Professional installation

### Signage

Customize the kiosk according to your corporate identity.

### 4G / WiFi

Use the kiosk at remote locations without an internet connection: use 4G as an alternative way to connect to the internet.

### Flightcase

Make transport easier with a prestop Flightcase. It offers roll on / roll off functionality for quick loading and unloading when the kiosk is equipped with the optional wheel set.

### Industrial printer

The industrial printer works with larger paper rolls to ensure shorter service times.

### Slim design printer

Add a printer and still keep a slim housing.

# prestop

Kiosk Eminent portrait line 24" -32"

Prestop integrates PCAP touch foil from 10" to 85" on glass in every size and shape. With our own cleanroom and our experience, we supply to many screen manufacturers, architects, interior builders, AV companies and end users who are interested in customized interactive displays. We can laminate PCAP technology on glass up to 12 mm thickness.

- Certified cleanroom (ISO 14644)
- Dutch design
- Assembled in The Netherlands
- Transport and installation worldwide

**Prestop is your specialist for interactive experiences since 1993!**

We develop and produce touch tables, information kiosks, touch screens, outdoor kiosks, industrial solutions and video walls. Prestop is also specialized in custom projects.
