

Kiosk Evolution portrait 24"

Give your customers a new interactive
experience with a prestop kiosk

Modern design

Self Service Innovator

Kiosk Evolution portrait

Invest in the future with the Evolution prestop information kiosk. The solution for a quick, accessible and user-friendly customer experience. Inform, present or sell your products digitally with the Prestop Evolution kiosk. Attract even more customers with the new and modern design. There are multiple possibilities to integrate your corporate identity and signage on the information kiosk. The extra signage screen on top is a perfect way to get that extra attention and showcase your products or company. The kiosk range is available with a 24" touch screen in portrait or landscape orientation. The display offers Full HD resolution with PCAP touch technology and 10 simultaneous touch points.

Kiosk Evolution portrait 24"

A modern looking information kiosk. The touch surface is entirely made of glass, under which the touch screen is fitted: edge-to-edge.

This design ensures less distraction of the screen, is easy to clean and gives the information kiosk a premium look that attracts attention. Although focus is on design, it is also made very robust with 4 mm hardened anti-glare glass.

Portrait (9:16)

- Professional installation

Signage

Customize the kiosk according to your corporate identity.

Wheel set

Add a wheel set to make transport easier.

4G / WiFi

Use the kiosk at remote locations without an internet connection: use 4G as an alternative way to connect to the internet.

Flightcase

Make transport easier with a prestop Flightcase. It offers roll on / roll off functionality for quick loading and unloading when the kiosk is equipped with the optional wheel set.

prestop

Prestop integrates PCAP touch foil from 10" to 85" on glass in every size and shape. With our own cleanroom and our experience, we supply to many screen manufacturers, architects, interior builders, AV companies and end users who are interested in customized interactive displays. We can laminate PCAP technology on glass up to 12 mm thickness.

- Certified cleanroom (ISO 14644)
- Dutch design
- Assembled in The Netherlands
- Transport and installation worldwide

Prestop is your specialist for interactive experiences since 1993!

We develop and produce touch tables, information kiosks, touch screens, outdoor kiosks, industrial solutions and video walls. Prestop is also specialized in custom projects.
