

Kiosk Luminant Portrait Single, Duo & Wall

Reduce waiting lines, promote margin products and much more. Find out what other benefits the prestop kiosk can have for your company.

Self Service Innovator

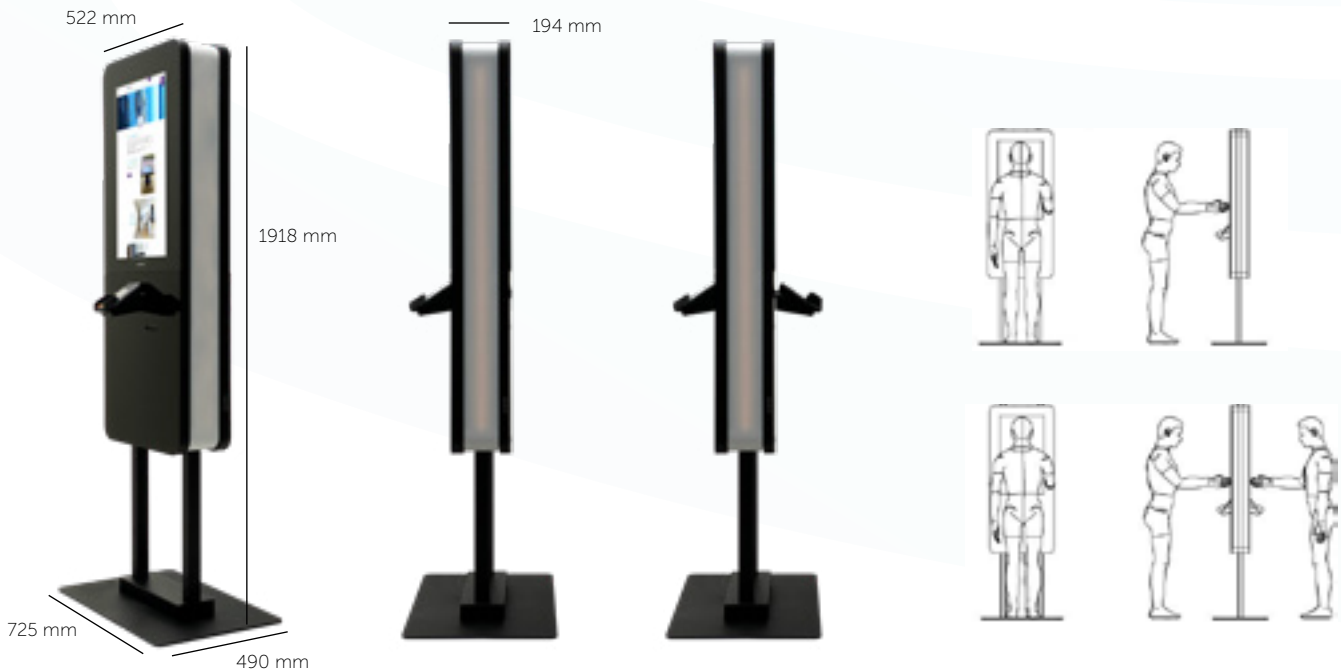

Kiosk Luminant portrait single, duo & wall

Slim, stylish and efficient. The latest Luminant information kiosk from Prestop. Reduce waiting for lines, promote your margin products and offer your customer more cross-selling opportunities. The kiosk can be equipped with touch displays and payment terminals on both sides. You can also choose one high brightness signage display to attract customers to your store. The latest display technology is used for optimum picture quality and viewing angles. Prestop PCAP touch technology ensures a smooth experience and offers ten simultaneous touchpoints. Try this product yourself in our fantastic Experience Center!

Kiosk Luminant portrait 27" single & duo

Dual or single sided touchscreen. Surface entirely made of glass, under which the touch screen is fitted: edge-to-edge. This design ensures less distraction of the screen, is easy to clean and gives the kiosk a premium look that attracts attention. Although focus is on design, it is also made very robust with 4 mm hardened, clear glass.

- Professional installation

Signage

Customize the kiosk according to your corporate identity.

4G / WiFi

Use the kiosk at remote locations without an internet connection: use 4G as an alternative way to connect to the internet.

Industrial kiosk printer

The industrial printer works with larger paper rolls to ensure shorter service times.

Omnitapps Selector

Share product information with photos, videos, information in a fast and easy way. Make the connection to your webshop to generate sales. Usable for products, services, educational courses, etc.

prestop

Kiosk Luminant portrait

Prestop integrates PCAP touch foil from 10" to 85" on glass in every size and shape. With our own cleanroom and our experience, we supply to many screen manufacturers, architects, interior builders, AV companies and end users who are interested in customized interactive displays. We can laminate PCAP technology on glass up to 12 mm thickness.

- Certified cleanroom (ISO 14644)
- Dutch design
- Assembled in The Netherlands
- Transport and installation worldwide

Prestop is your specialist for interactive experiences since 1993!

We develop and produce touch tables, information kiosks, touch screens, outdoor kiosks, industrial solutions and video walls. Prestop is also specialized in custom projects.
