Grab a coffee
and start interacting

The Prestop Interactive Lobby Table is designed for your lobby, waiting room, showroom or coffee corner. The table is ideally suited to involve the customer in your company, institution or products. On the multi-touch screen, your visitor can interact while waiting. Or use the touch table together with your visitor as a presentation medium.
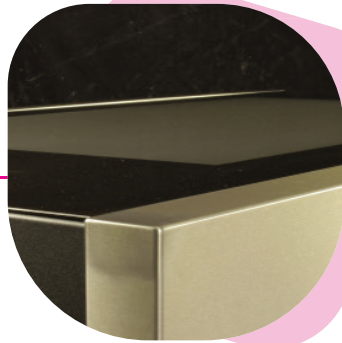

The table is equipped with hardened glass and PCAP touch technology. 40 and 55 inch models are available in high and low version. Optionally, we can integrate power and USB charging ports. Your company logo can be printed under the glass to integrate the interactive table in your corporate identity.

When choosing Omnitapps Lobby software a guestbook, mediaswipe and mediaplayer is available. You can even customize Omnitapps with your own corporate content.

Signage

Customize the coffee table according to your corporate identity.

Stainless steel edges

Tough looks and added strength: with the Stainless steel edge on the Information Kiosk it really stands out with a premium look!

4G / WiFi

Use the table at remote locations without an internet connection: use 4G or WiFi as an alternative way to connect to the internet.

Flightcase

Make transport easier with a **pres**top Flightcase. It offers roll on / roll off functionality for quick loading and unloading.

prestop

Prestop integrates PCAP touch foil from 10" to 85" on glass in every size and shape. With our own cleanroom and our experience, we supply to many screen manufacturers, architects, interior builders, AV companies and end users who are interested in customized interactive displays. We can laminate PCAP technology on glass up to 12 mm thickness.

- Certified cleanroom (ISO 14644)
- Dutch design
- Assembled in The Netherlands
- Transport and installation worldwide
