# Display your signage in- and outside

The prestop Indoor/outdoor Totem Duo is a single solution to display information both inside and outside at the same time. The totem is designed to be placed near a window so the high brightness display on the inside is visible under all weather conditions. The display on the inside is a high brightness display for excellent readability under all light conditions. Interaction will be quick and easy with optional PCAP touch technology. The housing is made vandalism proof by using a steel case and 6 mm hardened glass. The applications are endless, from information point to a complete interactive wayfinding solution!

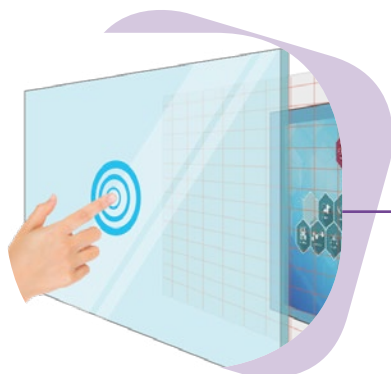

## Unique Selling Points

**High brightness display**

**Slim design,  
just 232 mm deep**

**PCAP touch technology  
(optional)**

**Display at both sides**

**Guaranteed 90%  
brightness after 5 years**

# Indoor/outdoor Totem Portrait 55" Duo
